MELVIN WYANT

HELLO ROSE LOVERS . . . wherever you are!

I'm a lover of Roses, too . . . that's why I ship only one grade of Roses—FIRST GRADE.

The highly critical Consumer's Digest lists our Roses as "best, high quality" . . . and there are many reasons why. Wyant Roses are full 3 year olds . . . their better root systems assure you of better Roses. They are EXTRA HARDY because they are raised in a severe climate.

As a Rose specialist for 37 years, I find that the finest results are produced when Roses are scientifically grown, systematically cultivated, fertilized and dusted and grown only in fields where the soil has had four years of thorough preparation.

To assure a longer life and produce more blooms, all Wyant Roses are bud-grafted on Multiflora Japonica roots.

To make sure your Wyant Roses will flourish, they are scientifically harvested to eliminate root damage, carefully wrapped in waterproof plastic for shipping, and permanently labeled with aluminum name tags.

And friends, I can assure you, you'll be happier Rose growers if you start with a Wyant Rose! They produce satisfaction.

SPECIAL DISCOUNTS 12 to 24 Roses — 10%. 24 or more Roses — 15%

Discounts for 3 or more Roses, all of the same kind, are listed under individual descriptions. Where the "3 or more" discount is taken, other discounts do not apply.

Collections carry their own price, not subject to discount.

OHIO CUSTOMERS ADD 3% SALES TAX

If any variety ordered is sold out, we will substitute another Rose as near like it as possible, unless specifically requested not to do so. The correct name will appear on all WYANT Roses. To avoid disappointment, order early, or send a list of second-choice varieties.

35c postage is charged on Rose orders less than \$5.00.

These prices and discounts supersede all previous lists.

NEW!

Exciting Class of Roses GRANDIFLORAS!

A wonderful new type Rose that combines many of the most desirable qualities of other classes! Has large double blooms the size of Hybrid Teas! Stems are long enough for cutting! Quantity of blooms compares with that of Floribundas! And they're strong, vigorous growers ideal for background of a bed! See page 10.

PLANT PROTECTORS

When planting, instead of mounding your Roses, use Plant Protectors for much safer, quicker and easier planting. Made of stiff, waterproof paper, they are set around the plant as soon as it is in the ground. Twine is put around the Protector to hold it in place. This collar is then filled with soil. It takes a relatively small amount of soil and holds it around the branches until growth starts.

A Super Selection of Continuous-Blooming Hybrid Teas

DEAN COLLINS. \$2.00

HYBRID PERPETUAL ROSES

Hybrid Perpetuals or "June bloomers" generally burst into a marvelous display of bloom in June. Many will bloom again later in the season. Their flowers on the whole are more fragrant than any other class and are very large. The plants are too large to fit in a bed of Hybrid Teas but are more fool-proof and long-lived. Plant them in the background and in shrub borders. Many of the strongest can be trained as pillars.

FRAU KARL DRUSCHKI. A very strong, tall grower which blooms sparsely during the Summer and Fall after bearing bountifully in the Spring. Pure white when open, with prominent yellow stamens but little fragrance. Very large, attractive flowers. \$1.50 each; 3 for \$4.00.

GENERAL JACQUEMINOT (General Jack for short). One of the greatest favorites of the old Roses. It has large, very double and very fragrant, deep red blooms mostly in June. \$1.50 each; 3 for \$4.00.

GEORG ARENDS. The charming perfect rose-pink blooms make it greatly esteemed. Flowers are high centered and especially well formed. \$1.50 each; 3 for \$4.00.

PAUL NEYRON. The largest pink Rose, with almost thornless stems. Blooms abundantly in June and sparingly in late Summer. Very little fragrance. \$1.50 each; 3 for \$4.00.

ULRICH BRUNNER. One of the charming old hardy kinds. The large, globular, cherry-red blooms are refreshing and very lasting. \$1.50 each; 3 for \$4.00.

SHRUB ROSES

These Roses are valuable in masses, hedges, shrub borders, or as specimens on account of their profusion of bloom, their hardiness, healthiness and ability to thrive under adverse conditions.

AUSTRIAN COPPER. Spectacular, flashy color. It blooms only once each season, but that is enough to make a place for it in your yard. It grows about 4 feet high and is as hardy as any other shrub. Small, single blooms, vermilion on the upper side and yellow on the lower, are produced in profusion. Subject to blackspot. \$1.75 each; 3 for \$4.75.

DR. ECKENER. The large, semi-double flowers recur occasionally throughout the Summer and are very beautiful in their coppery rose and old-gold color. Delicious fragrance. \$1.75 each; 3 for \$4.75.

GROOTENDORST SUPREME. In bloom from early Spring until late Fall. Large clusters of fringed, carnation-like red flowers. Upright. Can be kept at any height by pruning. \$1.50 each; 3 for \$4.00.

HARISON'S YELLOW. A lovely old-fashioned shrub Rose. Double, deep yellow flowers. The fact that it was originated in 1830 and is still popular proves its unusual value. 6 ft. \$1.75 each; 3 for \$4.75.

HUGONIS (The Golden Rose of China). The bright yellow, 2-inch flowers appear the earliest of any Rose in the Spring. It grows about 6 feet high, and its branches covered with blooms arch gracefully. One of the finest shrubs for specimen planting. \$1.50 each; 3 for \$4.00.

LADY PENZANCE. A Sweetbrier Rose. The foliage is fragrant, especially when wet with dew or rain. The plant gets to be 4 to 5 feet high and blooms freely in the Spring. Single, open blooms, coppery shaded to yellow at the base. Spicy fragrance. \$1.75 each; 3 for \$4.75.

MOSS ROSES. Old-fashioned sentimental Roses. Red or Pink. The buds are heavily mossed and the double flowers come in great abundance on 4½-foot bushes in June. \$2.00 each; 3 for \$5.25.

PINK GROOTENDORST. Same as Grootendorst Supreme except that it is lovely soft pink. \$1.50 each; 3 for \$4.00.

YORK & LANCASTER. An interesting and different old Rose. It was originated over 400 years ago and is still in commerce, which indicates that it must be a worthwhile variety. A striped pink and white, hardy and healthy Rose that blooms profusely in the Spring. \$1.75 each; 3 for \$4.75.

New Exciting Class of Roses GRANDIFLORAS

A new class of Roses featuring blooms of Hybrid Tea perfection but Floribunda quantities. Tall and vigorous growing, they are splendid as a background or as a border. They will perform beautifully with a minimum of care throughout the growing season.

BUCCANEER. Clearest, brightest and "lastingest" fadeless yellow Rose you have ever seen. The buds are particularly long and streamlined, opening into cupped, mildly fragrant flowers. The strong, free-branching canes may reach a height of 5 feet with a large, glorious bloom at the tip. 42 petals. *Plant Pat. 1119.* \$2.50 each; 3 for \$6.60.

CARROUSEL. The large, double flowers are almost of Hybrid Tea quality but they bloom so freely that they were first considered Floribundas. This striking new Rose is deep red, tall growing and healthy. *Plant Pat. 1066.* \$2.00 each; 3 for \$5.25.

DEAN COLLINS. Pink shadings that are described as luminous rose-opal and carmine with the color deepening during the heat of the Summer. Full double, long-lasting blooms. Called the "lazy gardener's Rose." *Plant Pat. 1279.* \$2.00 each; 3 for \$5.25.

MONTEZUMA. A glorious Grandiflora of brilliant orange-scarlet. The vivid buds are beautifully formed and soften to a salmon-orange in warmer weather. Plants are vigorous, free-branching and excellent bloomers. Has been outstanding in our garden. Excellent for cutting. *Plant Pat. 1383.* \$2.75 each; 3 for \$7.20.

QUEEN ELIZABETH. 1955 All-America Winner. Being a Grandiflora, it gives the quantity of bloom of a Floribunda but has the size of Hybrid Tea blooms. The deep pink, globular buds are long lasting and are much like Hybrid Tea Roses. They have 25 large petals. *Plant Pat. 1259.* \$2.50 each; 3 for \$6.60.

ROUNDELAY. The perfect, deep rich red blooms are double and long lasting. The plant is a true Grandiflora with the stems in the clusters long enough for cutting. Fine fragrance. Deeper color than illustration. *Plant Pat. 1280.* \$2.50 each; 3 for \$6.60.

Fascinating MINIATURE ROSES

Miniature Roses are hardy, everblooming little babies that add interest and pleasure to your garden. They have fine, feathery foliage and such small blooms that the buds are not much bigger than a grain of wheat and blooms are from the size of your thumb-nail to 1½ inches in diameter. They bloom almost continuously if kept watered well or mulched and can be grown in any good Rose-garden soil. They are excellent for borders, rock gardens, flower beds, porch boxes as well as indoor growing. They are grown in pots and shipped with the roots packed in soil. An occasional dusting or spraying keeps them healthy, and in severe climates a Rose pot inverted over them is sufficient Winter protection. In our climate they come through the Winter perfectly with no protection whatever.

BABY GOLD STAR. Graceful, long, golden orange buds open fully double, deep buttercup-yellow. Rich shiny green foliage. Plants grow a little taller than most Miniatures. *Plant Pat. 407.* \$1.25 each; 3 for \$3.25.

CENTENNIAL MISS. Full, double, fragrant flowers. Rose-red to deep wine-red. Compact, free-flowering plant. Grows 10 to 12 inches high. An excellent variety for cutting and miniature flower arrangements. *Plant Pat. 1301.* \$1.25 each; 3 for \$3.25.

CINDERELLA. This is exquisitely dainty. It is white, sometimes lightly tinted with a delicate cameo-pink, especially in the heart of the flower. The form is especially beautiful. It has 40 to 60 petals in its tiny 1-inch breadth. *Plant Pat. 1051.* \$1.25 each; 3 for \$3.25.

FROSTY. Flowers are borne in clusters of 3 to 10 or more. Full, double, white flowers are about 1¼ inches across. Sweet, honeysuckle fragrance. It makes a plant 12 inches high and broad. Glossy, disease-free foliage on a nearly thornless plant. Excellent for borders. *Plant Pat. 1412.* \$1.25 each; 3 for \$3.25.

JACKIE. Superb yellow buds and very double, fragrant flowers. These perfect little buds come out a lemon-yellow and turn to a deep yellow. The buds are ½ inch or longer, producing a 1½-inch flower. Extra hardy. \$1.00 each; 3 for \$2.50.

JULIET. Large, cardinal-red blossoms on a good plant that is more upright than Oakington Ruby. \$1.00 each; 3 for \$2.50.

© BABY GOLD STAR

PEGGY GRANT. Very double, tiny, cameo-like flowers in clusters. A spreading, low grower. *PRR.* \$1.25 each; 3 for \$3.25.

PINK JOY. Double, fragrant, pink flowers. Beautifully shaped, deep pink buds with touch of salmon. Grows much like Oakington Ruby. Charming in corsages and miniature bouquets. *Plant Pat. 1378.* \$1.25 each; 3 for \$3.25.

PRESUMIDA. Recent introduction of bright orange, gold and salmon. Two-tone, like Talisman in bud and flower. \$1.15 each; 3 for \$3.00.

RED IMP. This new Miniature Rose is a bright, rich crimson. It is unfading, even color with no light markings. Fully, solidly double, with about 50 petals packed tightly right to the center. Opens very flat. The beautiful buds and blooms are as perfectly formed as the best of the big Roses. *Plant Pat. 1032.* \$1.25 each; 3 for \$3.25.

ROSA ROULETTI. Once thought to be lost to cultivation, it unexpectedly turned up as a pot plant on the window ledge of a Swiss cottage. The plant grows about 6 inches tall in bushy form, is healthy and hardy, and blooms from early Summer until frost. The tiny, rose-pink, quite double flowers are less than an inch in diameter. Popular as an edging plant in front of Rose beds. Vigorous, hardy and long lived. \$1.00 each; 3 for \$2.50.

SWEET FAIRY. Deep pink buds, opening to very double, 1-inch blossoms of a cheerful bright apple blossom-pink shade. The fine, long-lasting flowers are carried on wiry, upright stems to permit easy arrangements in vases or corsages, for which they are especially fine. Rich true Rose fragrance. *Plant Pat. 748.* \$1.25 each; 3 for \$3.25.

WHITE BABY STAR. Same as Baby Gold Star, with white blooms. This is a sport of Baby Gold Star. Plant characteristics are identical; only difference is in color of bloom. \$1.00 each; 3 for \$2.50.

CLIMBING PINK CAMEO. Rose-pink buds and blooms; first truly everblooming miniature Rose in climbing form. Grows 3 to 5 feet tall. *Plant Pat. 1451.* \$1.75 each; 3 for \$4.75.

Climbing ROSES

The Climbing Roses offered here are the best of their class. These newer Climbers have disease-resistant foliage, large blooms, and long stems suitable for cutting. PEACE, CLIMBING. The climbing form of the popular bush Rose has just as wonderful foliage and blooms and grows strong and rapidly. It is sometimes hesitant to bloom, which may be overcome by arching its branches or training them horizontally. *Plant Pat. 932.* \$2.25 each; 3 for \$6.00.

RITZ. A showy red, everblooming Climbing Rose. It is more everblooming than any other red. The blooms are of the Floribunda type—numerous, in clusters, quite continuous and of medium size. The color is a deep, velvety red in cooler weather and a showy fiery red during the Summer. Individual blooms in the clusters are about 3 inches across and generally have 11 petals. The growth is not rampant but is strong, healthy and attains about 8 to 10 feet. This Climber is very hardy, one of its ancestors being the hardy Setigera (Prairie Rose). It was hybridized by the late M. H. Horvath and is the most everblooming of all that he originated. The color is deeper than illustrated. *Plant Pat. App. for.* \$2.50 each; 3 for \$6.60.

THOR. The immense, double, deep red blooms make it very beautiful. Growth is robust, hardy and healthy. \$2.00 each; 3 for \$5.25.

VANGUARD. A great Rose. Grows about 10 to 12 feet tall. Has very large, shiny foliage and beautiful, immense blooms of salmon and apricot shadings. Delightful old Rose fragrance. \$2.00 each; 3 for \$5.25.

WHITE DAWN. A new everblooming white Climber. The gardenia-shaped blooms are medium-sized, double and fragrant, with about 35 small petals. The foliage is glossy and the growth moderate. \$2.00 each; 3 for \$5.25.

TREE ROSES

When Tree Roses are planted at appropriate spots they give an accent and atmosphere of distinction. Their strong, 3½-foot stems and good big tops with more and better blooms than the bush Roses, make a great sight throughout the season.

Beautiful FLORIBUNDA ROSES

Floribundas, more than any other class of Roses, are extremely useful in landscaping. They may be used like any other flowering shrub—as hedges, along walks and driveways, combined with evergreens in a foundation planting, as specimens, or in any way their good branching growth, healthy foliage and showy flowers may be seen to advantage. They give welcome relief from some of the over-planted shrubs that are seen everywhere. Several of a variety in a group give a better effect than an assortment.
